

Clinical Resources LLC attributes company growth to their unique ability to address the critical need for qualified healthcare professionals and nurses, by assisting them to return to the work force by offering a variety of work options. Because the company is owned and operated by nurses and other healthcare professionals, the company is able to attract nurses where other organizations may not. As such, healthcare providers and affiliate companies are confident we can meet their personnel needs at a moment's notice with competent and qualified personnel, always adhering to Our company mission of:

*"Providing Consistent and Predictable Results"*

## Company Summary

Clinical Resources LLC is a healthcare staffing, recruitment and software consulting firm specializing in the growing senior care market. Clinical Resources, headquartered in Atlanta, operating nationwide, is dedicated to serving the growing aging population while addressing the escalating nurse staffing shortage by placing experienced nurses and other healthcare professionals in permanent, temporary, and interim positions nationwide in hospitals, skilled nursing, assisted living facilities and other company settings.

Clinical Resources continues to expand its customer base among health payers, pharmaceutical companies, and health information technology companies providing valuable healthcare personnel resources to function and serve as auditors, quality assurance monitors and surveyors, data collection specialists and inspectors.

For 2010, the company will continue to build critical mass in its service areas and expand its presence in large corporations providing occupational health nurses, providing Clinical Informatics Specialists for the implementation of the Electronic Medical Record (EMR) and Electronic Health Record (EHR), as well as providing assistance with auditing of medical records, the Minimum Data Set (MDS) in nursing homes and conducting auditing services for compliance to regulations for skilled nursing facilities and adherence to Medicare and Medicaid programs, well as pursuing and serving government contracting opportunities and needs.
